

Verification Report

Primary Source Board of Nursing Report Summary for

Donald Albert Ives

Friday, January 12 2024 03:04:53 PM

For a more accurate search, select "Search by License Number" or "Search by NCSBN ID" above. Partial name searches are accepted.

This online verification system is a free service provided to the public for primary source verification of licensure/certification status for all nurses and nursing licensed or certified by the Oregon State Board of Nursing. Disciplinary documents are available on this site only for actions taken after August 2010.

For CNAs and CMAs, this report may be used as primary verification when applying for nurse aide or nursing assistant certification in other states.

For Nurse Interns (NI), this report may be used as primary verification. This license is not reported to Nursys.

Nurse Practitioners: The OSBN voted in February 2022 to no longer issue separate license numbers for different specialties. NPs who have held multiple license numbers (one for each of their specialties) will find their record on the OSBN license verification site now only lists the NP number they have held the longest specialties (whether active or expired) will be listed under their name and that license number. The change only affects NPs who hold or have held more than one license.

Temporary and Permanent (Post Exam)Licenses
